WHITMARSH *ST105* Superyacht Tender

SPECIFICATION

10.5m Diesel inboard

Principal Characteristics:

Length Overall: **10.5m**

Beam (maximum): **2.73m**

Height Above Waterline: **163cm**

Draft: **64cm**

Max Fuel Capacity: **500lt**

Fresh Water Capacity: **40lt**

Passengers: **10+Crew**

Construction: **GRP / Divinycell**

Hull Design: **James Whitmarsh**

Design & Construction: **James Whitmarsh**

Builder: **Whitmarsh High Performance Ribs**

WHITMARSH *ST105*

Superyacht Tender

SPECIFICATION

- **Hull Construction**

This will be hand laid GRP using Iosthalic resin for maximum Osmosis protection. E-glass CSM/Bi-axial cloth lay up with high density Divinycell foam hull re-enforcement to give the ultimate performance whilst saving weight and eliminating water ingress and deterioration that is common with Plywood cores.

- **Tubes**

580mm tapered tube with pressure relief valves. Colour to Client Requirements

- **Esthec Composite decking**

- **Integral 4 Point Lifting System Built in to the Hull**

- **500 Litre Aluminium Powder Coated Fuel Tank**

- **Stainless steel mast/Ski pole**

- **Stainless Steel Stem Tow Point**

- **Stainless Steel-Carbon Boarding Support**

- **Shore Power/ Battery Charger**

- **LED Navigation/Anchor lights**

- **LED Cockpit Lighting**

- **12v Charge point**

- **Rockford Fosgate audio with x4 Cockpit Speakers**

- **Raymarine 50 VHF**

- **Upholstery**

All cockpit upholstery will be finished in a high quality Vinyl material with piping colour coded to match the boat colour scheme. The helm seats will be four 'Recaro' style race seats in matching fabric.

- **Lightweight Overall Boat Cover**

- **Stainless Steel Performance Propellers**
